

## 2024 -2025 Leaf Vacuum Collection Program November 4, 2024 – March 7, 2025

**Fall is upon us!** The colorful leaves are creating beautiful landscapes but will eventually fall to the ground. Don't worry - the East Point Public Works Department in coordination with the Solid Waste Department is prepared to assist you with leaf collection. Please follow these simple instructions to ensure the program runs efficiently throughout the season:

- Leaves should preferably be placed in a container or bagged. The weight **shall not** exceed fifty (50-lbs) pounds.
- An **unlimited** number of containerized or bagged leaves is permitted.
- **Solid Waste will collect leaves that have been placed in bags or containers on the same day as regular garbage collection.**
- Leaves swept to the curb will be collected by the Public Works Department's Leaf Vacuum Collection team within forty-eight (48) hours of your regular garbage collection day. Leaves **must not** be piled on the sidewalk or in the street to prevent stormwater system blockage.
- Failure to comply with the Leaf Vacuum/Collection Program may result in the issuance of a *Notice of Violation* and Citation.
- If you have any questions or concerns about the program, please contact the Public Works Department at (404) 270-7116 or email [PublicWorks@EastPointCity.org](mailto:PublicWorks@EastPointCity.org).
