- PRE-APPLICATION FORM:** Prior to submitting an application, all applicants are required to meet with a Planner who will review the applicant's proposal and site plan and complete a pre-application form. **No pre-application review meeting will be held on the day of the filing deadline.** Applicants are required to bring the site plan and tax parcel identification number(s) to the meeting. Call (404) 669-4399, option 4 to make an appointment or email zoning@eastpointcity.org.
- APPLICATION FORM:** Original and notarized signatures of the property owner(s) and applicant(s) or a notarized statement by the applicant as to ownership are required. If a contract is used in lieu of the owner's signature, the signature on the contract must be an original and the contract must be valid for the duration of the rezoning process.

3. **LETTER OF INTENT:** On a separate word document, the letter of intent should state the requested rezoning or use permit(s) and should include factual details about the proposed use(s), such as: number and square footages of buildings, number of residential units, minimum heated floor area of residential units, number of fixed seats in places of worship, number of employees and beds in assisted living facilities, personal care homes and nursing homes, number of employees and students in day care facilities, number of classrooms and number of students in schools, hours of operation, and number and use of playing fields. If concurrent variances are requested, the Letter of Intent should clearly state the requested variances and include explanations of hardships and any other reasons why the development standards cannot be met. *If a rezoning request is for a CUP or MIX district, the Letter of Intent should detail the proposed development standards.*

CONCURRENT VARIANCE(S): All requests for variances shall have a statement of hardship. On a separate word document, provide a written response to the following considerations which shall be used in justifying the hardship(s) (Section 10-2184):

HARDSHIPS

VARIANCE CONSIDERATIONS: Variances from the provisions or requirements of the Ordinance shall be authorized only upon making all of the following findings:

1. By reason of exceptional narrowness, shallowness, or shape of a specific lot, or by reason of exceptional topographic conditions, which were not created by the owner or applicant, the strict application of the requirements of this Ordinance would deprive the property owner of rights and privileges enjoyed by other property owners in the same zoning district;
2. The requested variance does not go beyond the minimum necessary to afford relief, and does not constitute a grant of special privilege inconsistent with the limitations upon other properties in the zoning district in which the subject property is located;
3. Relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of this Ordinance. No variance may be granted for a use of land or building or structure that is prohibited by this Ordinance. No variance may be granted that would conflict with or alter a stipulation or condition imposed by the Planning and Zoning Commission or City Council. No variance shall be granted to extend the time period for a temporary outdoor social, religious, entertainment or recreation activity approved by the City Council.
4. No variance shall be granted by the Planning and Zoning Commission that permits the expansion or enlargement of any nonconforming use of land and buildings in combination, nonconforming use of land and structures in combination, or nonconforming use requiring special land use permit;
5. No variance shall permit the reestablishment of any nonconforming use of land, nonconforming use of land and buildings in combination, nonconforming use of land and structures in combination, or nonconforming use requiring special land use permit where such use has lapsed pursuant the requirements and limitations of 10-2017;

or

6. Conditions resulting from existing foliage or structures bring about a hardship whereby a sign meeting minimum letter size, square footage and height requirements cannot be read from an adjoining public road.

4. **LEGAL DESCRIPTION:** The legal description must be a metes and bounds description of the property that establishes a point of beginning and gives directions (bounds) and distances (metes) of property lines. If the property consists of more than one parcel, all parcels must be combined into one legal description.
5. **DEED:** A copy of the deed which matches the applicant's name or a copy of the letter indicating a closing and the recordation of a new deed.
6. **SITE PLAN:** Site plans must meet the minimum requirements specified by 10-2226 of the East Point Zoning Ordinance. Refer to Site Plan Check list (Form F).

SITE PLAN CHECKLIST: The site plan checklist (Form F) details the minimum requirements for site plans as specified by 10-2226 of the Zoning Ordinance. **Prior to submitting an application, a review of the site plan and sign-off by Plan Review on Form F is required.**
7. **ENVIRONMENTAL SITE ANALYSIS:** All rezoning and/or use permit applications must include an Environmental Site Analysis identifying environmental conditions on the site to determine if the proposed use may be considered environmentally adverse. Refer to Environmental Site Analysis (Form A) for specific instructions.
8. **IMPACT ANALYSIS (REZONE CASES ONLY):** All rezoning applications must include Impact Analysis (Form B). An Impact Analysis is not required for Use Permits.
9. **DISCLOSURE FORM:** If the owner, applicant and/or applicant's representative has made a campaign contribution to any member of City Council for \$500 or more within the past 2 years, Section 1 through 4 of the Disclosure Form (Form C) must be completed.
