CITY MANAGER
Redmond Jones II

Starting October 6, 2025, the City of East Point and partnered contractor, DAF Concrete, Inc., will begin sidewalk construction on the west side (southbound) of Sylvan Road from Cedar Avenue to East Point/Hapeville City Limits. The project scope includes clearing trees and shrubs, sidewalk placement, restriping, and utility adjustments/relocations.

What to Expect During Construction

All work will be completed Monday through Friday during the hours of 8:00AM and 4:30PM. Motorists should expect single lane closures throughout the construction period. Access to all driveways will be maintained during construction, but on-site personnel will coordinate any driveway disruptions or closures to minimize the length of the closure. Motorists may experience some delays and inconveniences during this time, and, in this regard, we ask for you cooperation and patience. We also request that when driving and walking through and around the construction area, you follow and obey the construction traffic signage for your safety and the safety of the workers. If possible, please add 5 to 10 minutes to your travel time.

For more information, questions, and concerns, please contact the Transportation Office at transportationdivision@EastPointCity.org. Project updates and information can also be found at <https://eastpointga.gov/transportation/>.

Sincerely,

Cadell Hall
Assistant Director of Public Works
